Construction to Close Portion of 3rd Street

Harrisonburg, VA – The City of Harrisonburg aims to inform the community of an upcoming street and lane closures.

During next week (May 28th – May 31st), the Public Works Department will facilitate construction at the intersection of Virginia Avenue and 3rd Street due to the installation of pedestrian signals.

The City's contractor, Richardson Waylon, will be open cutting the street and installing conduit across 3rd Street on the east and west side of Virginia Avenue (which will result in road closures) and across Virginia Avenue on the north side of the intersection (which will require lane closures, at times). Pedestrian signals will be installed as part of the Safe Routes to School project.

The work will begin on Tuesday, May 28th at 7 a.m. and conclude when the crossing is complete.

Motorists are encouraged to avoid this particular intersection.

This schedule could change due to inclement weather.

The City of Harrisonburg is centrally located in the Shenandoah Valley of Virginia. It is home to approximately 50,000 people. More information about the City of Harrisonburg is online at www.HarrisonburgVA.gov.
